THE ONLY MORAVIAN CHURCH

In Indiana, and Something About the Anniversary Days Observed by Its Followers.

Special to the Indianapolis Journal. COLUMBUS, Ind., Jan 2 .- At Hope, in this county, is the only Moravian church in this State. It is a Protestant Episcopal Church. In faith it is strictly evangelical and orthodox. The mother church had its origin in Bohemia, in 1457, sixty-four years before the Lutheran reformation.

The learned men of that day flocked to this church in great numbers in Moravia and Poland until the church numbered more than two hundred thousand members, and was in a most prosperons state when Ferdinand of Tryol. a Roman bigot, ascended to the throne, Then came the dark days for the Moravians, and those who did not seek shelter abroad perished until but a small number remained, and those in secret. For nearly a hundred years this church was thus persecuted, and, until it found a foothold in other countries, it did not grow. When it again began to grow its increase was unprecedented. Its wonderful success has been frequently attributed to its systematical division, namely: The home church and the home and foreign mission. Yet it

is a small church. The only Indiana church had its origin in South Carolina in 1828, at a Sundayschool convention, when its founder, Mar-tin Houser, was converted. He made known his intentions on that day to follow the emigrants from that State, who had located in Hope, this county, and with an ox team started, with his wife, for his new field, of labor, and arrived at Hope in De-cember, 1829. On Jan. 2 he held a meeting, at which he made known his intention to form a church. This meeting was attended by but four persons, none of whom are now living. Two hundred dollars were raised with which a quarter section of land was purchased. which was afterward platted and sold in what is now the town of Hope, Preparations were at once begun for the erection of a church and June 17 selected as the day for the holding of the first meeting. This time was chosen as the anniversary of the date, June 17, 1722, when the first tree was felled for the Moravian Home in Saxony. There were one hundred in at-tendance at this meeting, but three of whom yet live. Two incidents are related concerning this meeting which were both very exciting and unexpected. Between the morning and afternoon services a member of the congregation shot a large deer near the church. While splitting wood to boil coffee for the love-feast an ax accidentally slipped from its handle, striking Timothy Spaugh, a young man, inflicting a wound which rendered him a cripple for

In 1838 a large frame structure was built, which proved too small for the congrega-tion in 1874, when the present building was erected at a cost of about \$20,000. This church has four great days each year which it observes with much respect, and in a manner peculiar to it only. On the last night of each year the pastor and his congregation assemble at 7 P. M., and remain in session until the clock strikes 12, at which hour they sing praises to the Most High. On Easter Sunday they go in the cemetery, and, as the sun rises, hold sacred service. The anniversary of the founding of the church in America and in Meravia are two days held in reverence.

PENSIONS FOR VETERANS.

Residents of Indiana and Illinois Whose Claims Have Been Allowed. Pensions have been granted the following-named Indianians:

Original-Verlin Watson, Anthony W. Jordan, Original—Verlin Watson, Anthony W. Jordan, Thomas S. Hughes, Elias Kemper, John Legler, Henry Dohemeger, Isaac N. Changed His Opinion of the Jury.

Albany (Ga.) News and Advertiser. A gentleman who served on a jury that tried a prisoner defended by Gen. Henry Morgan tells a good one on that counselor. In his speech in arguing the case General Morgan complimented the jurors highly, telling them that he selected them specially for their intelligence. The jury was not out five minutes before a verdict of guilty was returned, whereupon General Morgan ex-claimed: "They are the worst set of fools

Enquire for Them.

No housewife who has used any of Dr. Price's Delicious Flavoring Extracts but will recommend them as the best articles of their kind in domestic use. They are the leading flavors in America and should be on the shelf of every wellregulated grocery. Enquire for them and do not take substitutes which if not poisonous will destroy the nicest delicacies. Dr. Price's Vanilla, Lemon, Orange, etc., are just as represented.
